

## Avoiding this Deadly Accident

Don't be caught without a plan when visibility deteriorates. This program will give you excellent guidance in the event of un-forecast reduced visibility emergencies for the V.F.R. pilot and some excellent tools that the seasoned I.F.R. pilot can use in emergencies as well. Situational awareness: "Prepare and Review" + "Notice and Perceive" + "Understand and Interpret" + "Project and Think Ahead". Don't miss this exclusive event. Click the link below and register TODAY.

**Directions:** Conference Room Terminal Building  
See the Map Link in the Additional Information section below.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
